THOUGHTS FROM THE CHAIRMAN

Hello Everyone,

Welcome to the winter programme for 2012. We have a good and varied selection of walks to suit everyone. Thanks to the terrific response from walk leaders. They enabled Ruth to put together another comprehensive selection.

Well, they are back. The detailed instructions as to how you can get to the start of walks. These were omitted from the last programme. It caused upset, as some of our members struggled with the abbreviated version. That is not what we intended, so, we listened to what you said, and put them back in.

Due to the demise of popularity, there are no Sunday coach walks in this programme. We simply could not sustain the losses. The subject will be reviewed from time to time, so maybe they could return.

There will be a Wednesday coach walk. It will be on March 28th, going to Rutland Water. This time, Barry Cordery will be organising the walks as I shall be on holiday. It feels a little strange as I have led on every Wednesday coach to date, but Barry knows his stuff and I am sure it will be a great success.

We normally have a coach walk with a lunch in January. Well, though there will not be a coach, there will most definitely be a Sunday walk with lunch. This time we are staying local. We are going to the Bridge Inn at Oxtou on January 15th. There will be a walk of around 7 miles. But if you just want the lunch, no problem. Our walking colleague Cynthia Marette has kindly offered to arrange the bookings. Cynthia can be contacted on 0115 9534836.

I usually give a list of subjects discussed at our committee meetings, in this column, but not this time. The reason being is the committee has decided that in future it will publish the full minutes via the appropriate monthly news letter. If you would like to be included on the news letter circulation, please send me your email address to brian.palmer60@ntlworld.com

Well that's about all, except to wish you all a great and successful 2012.
Hope to see you all walking

Brian

WALKS GRADING

To comply with the Groups Walks Finder on the Ramblers website, and encourage other walkers to join us, walks are now being graded as shown below.

Leisurely. (previously Easy) Walks for reasonably fit people with at least a little country walking experience. May include unsurfaced rural paths. Walking boots and warm, waterproof clothing are recommended.

Moderate. Walks for people with country walking experience and a good level of fitness. May include some steep paths and open country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential.

Strenuous. (previously Hard) Walks for experienced country walkers with an above average fitness level. May include hills and rough country, and may be at a brisk pace. Walking boots and warm, waterproof clothing are essential. People in doubt about their fitness are advised to contact the leader in advance.

Please carry an emergency contact card with you whenever you walk with the Group. This should contain details of someone who can be contacted in an emergency i.e. a relative's name and telephone number.

Children are very welcome but any child taking part in any Ramblers activity must be accompanied by an immediate adult family member (parent, elder sibling or grandparent).

The Walk Leader has the authority to cancel the programmed walk on the day if they consider weather conditions are not suitable. If in doubt please ring the Walk Leader.

The Walk Leader has the authority to refuse any walker who they believe is not suitably equipped or capable of completing the walk.

CONDUCT ON WALKS

Please bear in mind that leading a walk involves more than just finding the way; the leader needs to count walkers at the beginning and end of a walk, also after stops when walkers may disperse (e.g. for refreshments) *before* continuing, and ensure that everyone arrives back at the coach/destination at the right time. They must also see that the group causes the minimum disturbance to livestock and crops when crossing farmland. When walking with the group, please try to make the Leader's job easier by observing these simple common-sense rules:-

Do not walk ahead of the Walk Leader.

Observe the Country Code – leave gates as you find them, don't leave litter.

Walk in single file through crops.

Keep an eye on those behind you, and let those in front know if you lose sight of them.

Do not feed any animals seen on the walk, eg horses, sheep, lamas, ostriches, etc.

Tell the leader if, *for any reason*, you have to leave the group.

Dogs *must* be kept on a lead at all times.

The Ramblers' does not accept any responsibility for any incident which may occur during walks or any other activity.
